CAREER HISTORY / PROFESSIONAL RECOGNITION

Growing up in the family contracting business, Dustin has an extensive experience in both Residential and Commercial Construction. He got his first experience in Real Estate flipping houses during the housing boom in 2005 in his hometown of Seattle, Washington. This led to a job as a residential agent with Prudential Real Estate in Seattle.

Finding that his extensive construction background was more suited to the Commercial/Industrial side of Real Estate, Dustin made the move in 2007 to Los Angeles to work with Heger Industrial. Here he specialized in all aspects of tenant and owner representation within the Commercial/Industrial manufacturing and warehousing product type.

In 2009 Dustin moved over to Lee & Associates – South Bay to become part of the South Bay Logistics Team. Here he specializes in the Port areas of Long Beach, Los Angeles, LAX, and its surrounding Southbay markets.

AFFILIATIONS / EDUCATION

Dustin is a member of, or worked closely and has been affiliated with:

- American Industrial Real Estate Association Member (AIR)
- Certified Commercial Investment Member (CCIM) – courses 101 & 102 completed
- Harbor Transportation Club (HTC) – past member
- Los Angeles Transportation Club (LATC) – past member

WHAT MY CLIENTS EXPECT & RECEIVE:
